## 'Liar' Heard At Darrow Trial

## REBELS ON MARCH TO BORDER

Attorney Appel, for Defense,  
Makes Sensational Ad-  
dress to Jury

Charges That Franklin Was  
Introduced to Defense to  
Become Spy

LOS ANGELES, Aug. 13.—Opening the arguments today for the defense in the trial of Clarence S. Darrow, charged with jury bribery in the McNamara dynamiting case, Attorney Horace H. Appel declared that the United States prosecuting officials in Los Angeles assisted the county district attorney to introduce Bert H. Franklin, the confessed briber, to become a spy in the camp of the defense.

Tears, epithets, obtrusions and bitter exhortations punctuated the impassioned address of Appel to the jury and at one climax he shook his fist in the face of Assistant District Attorney Joseph Ford, who opened for the state, and shouted "Liar" and "These falsehoods!"

Appel asserted that the state's case was "nowhere rested on the word of a man who was not only a defamed criminal, and a detective. And the uncorroborated testimony of detectives and witnesses, you know, is worthless," he added.

**CORRUPTION CHARGED.**

Appel's attack on Ford was occasioned by the assistant district attorney's statement yesterday that there was criminal factitious employed in the McNamara case, but that the present case was reeking with corruption.

Franklin was compared to a coyote by Appel and taking up Ford's allusion yesterday to Judas and other historical traitors, he declared that Iscarter was better than Franklin or John R. Harrington, another principal witness against Darrow, for "Judas was repentant and hanged himself."

Appel told the jury that Franklin was introduced to Darrow by letter from United States District Attorney A. J. McCormick, and that he treated as a spy, a trapper, had drawn money from Darrow, and deliberately set about to bribe jurors, not as a servant of the McNamara or their chief attorney now on trial, but in the interest of the county district attorney.

Appel said he expected to conclude his address this afternoon and that Earl Rogers, Darrow's chief counsel, would follow him.

## Suspect Negro of Slaying of Teacher

Denver Police Trace the Move-  
ments of Man Who Lives  
in Shack.

DETROIT, Aug. 13.—Finishing the  
most difficult work undertaken to  
date, police in an effort to fix  
responsibility for the murder of Miss  
Signe Carlzon, a music teacher, in  
Montclair, last Friday night.

Featherstone, whose name was  
given last night as H. J. Jonas, lived  
with his son in a shack a mile from  
the scene of the crime. A small ax  
which had been washed recently, but  
to which traces of blood still adhered,  
was found in the shack. Feather-  
stone explained that he had killed a  
chicken Sunday. A small musket  
bullet also was found. Steps were  
to be taken today to determine  
whether this volume belonged to Miss  
Carlzon.

According to Chief of Police O'Neill,  
Featherstone was arrested about four  
years ago for attacking his 18-year-  
old step-daughter Beatrice Ransom,  
but never was brought to trial be-  
cause of the refusal of his wife to  
testify.

Mexicans Concentrate Near  
Many American Towns;  
Orozco at Juarez

Scores on Train Slaughtered  
by Zapatistas; Many Die  
in Battle

WASHINGTON, Aug. 13.—Parties of  
Mexican rebels are reported con-  
centrating near many American  
towns along the border, and Orozco,  
the rebel chief, is gathering forces  
at Juarez, according to War Department  
advice today from Colonel E. Z.  
Stevens. The American consul  
however, has not reported any rebels  
in the United States territory.

**SCORES ARE SLAIN.**

MEXICO CITY, Aug. 13.—Thirty-  
six soldiers and more than twenty  
passengers were slaughtered by  
Zapatistas in a canyon one kilometer  
north of Tlaltenango, 110 miles south-  
east of Mexico City, when a passenger  
train southbound from this city  
was attacked from ambush. Only  
modest details had reached this city  
last night. So far as known only a  
part of the train crew escaped.

The first news of the attack was  
sent to Mexico City by Conductor Ma-  
rino and Collector Dominguez, who,  
although wounded, had managed to  
make their way to Yautepec twelve  
miles away. They were forced to  
steal through the Zapatista lines and  
did not arrive at the telegraph station  
until yesterday afternoon.

After the murderous fire had ceased  
the rebels swarmed down the hillside  
and set fire to the three cars com-  
posing the train. A few of the  
wounded had crawled out of the  
right-of-way, thus escaping the fire  
of those unable to leave the cars, who  
were burned.

According to reports the leaders of  
the rebels made absolutely no effort  
to restrain his men from acts of  
brutality, even though they had not  
marked the campains in the south.

The wounded, bleeding for their lives,  
were struck down without pity and  
even looting was held in abeyance  
until the slaughter was complete.

**MUTILATE BODIES.**

Not satisfied with robbing their vic-  
tims in an ordinary manner, the  
leaders of men and women were chopped  
off with machetes that rings they  
were might be more quickly obtained.  
Ornaments were torn from ears of  
women and their bodies were otherwise  
mutilated.

Among the passengers were two  
newspaper men and they were among  
those killed. They were on their way  
to interview Emiliano Zapata, the  
chief of the rebels. One of these, M.  
L. Strauss, a native of Uruguay and  
consul agent of his country in this  
city, was employed at one time on the  
New York Herald. He was making  
this trip to see Zapata as a  
representative of El Imparcial. The other  
correspondent was Ignacio Terreros  
of El Pueblo.

## DEFENSE ARMY TURNS CLEVER TRICK

Captures the Force of  
Invading Reds at  
Salinas

OLD TOWN, Cal., Aug. 13.—A hot skirmish between outposts of the invading "Red" army, which is advancing on the defense of San Francisco, and a large force of retreating "Blues" began here this afternoon. Theoretically there was heavy loss on both sides. Excellent work was done by the Utah regiment serving with the "Blues," and Colonel Bowen, commanding the regulars, complimented the Utah major on the behavior of his men in action.

At noon the fight was still raging, rifles crackling and machine gun fire rattling. Two companies of the Twelfth infantry (Blue), U. S. A., took advantage of the brush and tall grass in the camp land along the river, where they had been to the right flank of the "Red" forces.

# MANY HURT IN ATTACK ON CITY

Women Among Victims When  
Rebel Forces Storm Capital  
of Nicaragua

Shells Fall Thick and Fast in  
Managua; Help Looked  
For From U. S.

WASHINGTON, Aug. 13.—American Minister Wetzel at Managua has entire authority to take measures for the protection of Americans. Three hundred marines hurried over from Panama are expected to land at Colon to-day if they did not land last night. No orders have been issued to send this additional force to Managua, but Minister Wetzel may take such action if he thinks necessary.

**BOMBARD CAPITAL.**  
MANAGUA, Aug. 13.—The combined rebel forces under General Luis Mena, the secretary of war, recently deposed by President Diaz, and General Zelarino, one time war secretary in the cabinet of former President Zelaya, began a bombardment of the Nicaraguan capital at 6 o'clock Sunday morning.

For several hours the attacking guns were out of range and the shells fell short of the city. At noon the rebel pieces were advanced and sharp-shelled frequently burst over the city proper. Many women and children were wounded by bullets from the exploding missiles.

When the bombardment became general the government troops repelled to the attack with the guns on Loma Hill, the fortress defending the city, and the firing continued heavily all afternoon.

#### ATTACK PENITENTIARY.

At 5 o'clock the rebels made a fierce onslaught on the penitentiary, but after a sharp engagement they were driven back. Three hours later the attacking force moved around to the eastern side of the capital and directed its fire on the government troops defending that portion of the city, but was again repelled.

The bombardment began in violation of the armistice arranged by the opposing armies on Saturday and despite protests made by the American minister, George T. Wetzel, as dean of the diplomatic corps, and by Captain Warren J. Terhune, commanding of the United States naval force at Annapolis, now stationed at Portofino. From this vessel a detachment of bluejackets and marines was dispatched to this city to protect the lives and property of Americans.

#### FLAGS ARE FLYING.

The national flags of the members of the diplomatic corps and the foreign consuls, as well as those of foreign residents, are flying over their respective dwellings and business houses.

When it became known that the rebels were in earnest in their announced intention of bombarding the city the government issued a proclamation warning the people to leave the capital. Many heeded this advice and impressed into service all available means of transportation.

President Diaz is relying on the support of the United States in his effort to withstand the attack of the revolutionaries and to maintain control of the government.

**BIENNIAL SESSIONS  
FIND LITTLE FAVOR**

CLEVELAND, Aug. 13.—Delegates to the annual convention of International Typographical Union, which held its second session here today, probably will decide to make a portion of the members in the convention meet biennially instead of annually. The committee on laws, which made its report to the convention today, is opposed to the plan. Before the discussion opened it was thought there would be heated discussion on the report of the committee on laws which was considered section by section.

**STANFORD GRADUATE  
WRITES OF EARTHQUAKE**

PASADENA, Aug. 13.—Everett W. Rust of this city, a Stanford graduate and now engaged in scientific work in Peru, has written to relatives here that the earthquake which recently destroyed the city of Plura was heavy, but that the deaths were very few and limited. His office was demolished and that his two associates were injured, but that he escaped injury.

# HAS STATE JURISDICTION OVER LOAN ASSOCIATION?

Counsel for Continental Argues Federal  
Bankruptcy Laws Govern

SAN FRANCISCO, Aug. 13.—The affairs of the Continental Building and Loan Association were taken into court this morning when the arguments in connection with the application of attorney General S. E. Webb to allow Commissioner Walker to take charge were heard before Judge Seawell.

That the federal bankruptcy laws take precedence over the statute of the state of California under which Walker assumed control of the corporation was the chief point made in a long argument by Attorney R. P. Henshall, an associate of Attorney Gavin McNab, as counsel for the Continental. The state was represented by Attorney General Webb and his assistant, Robert S. Harrison. Besides McNab and Henshall, Attorneys O. E. Wyman was on hand as representing the loan association.

The proceedings began with the statement of Henshall as to the application of Webb filed yesterday, which was responsible for legal expenses in connection with the taking over of the assets of the corporation by the attorney general. He contended that the corporation was not claimed to be insolvent or bankrupt, and therefore the bankruptcy laws did not apply. He defended the constitutionality of the act permitting the building and loan commissioners to take charge and asserted that it was his province to look after an institution while it was still sound.

"Too often intervention comes too late to save the people their money," he declared. "I hope the State in this case has intervened in time to save every cent. It is essential that the institution be insolvent before the commissioner intervenes. I cannot see that there will be any great expense here by Commissioner Walker taking charge. All expenditures will be under the direction of the court."

He then quoted a San Luis Obispo case in support of his contention wherein intervention was had in the case of a bank.

Judge Seawell, after listening to the attorney general, took the question under advisement.

In the event that the State is the victor the Continental will take its appeal to the Supreme Court.

Technically the commissioner's deputy, Frank J. Brandon, is in possession of the Continental today, but the offices were still locked against him.

## BAR PROTESTANT MISSION IN PERU

Government Will Allow Only  
Roman Catholics to Inves-  
tigate Atrocities.

LONDON, Aug. 13.—The Peruvian government will not permit a Protestant mission to investigate the alleged atrocities reported by Sir Roger Casement on behalf of the British government to have been perpetrated on the Indians in the Peruvian rubber gathering district.

An American association which is raising funds here for that purpose, the British minister at Lima, Charles L. Des Gras, was instructed to ascertain what facilities would be granted to a Protestant mission by the Peruvian government.

In reply, the British minister cabled that the Peruvian foreign minister had informed him, after a consultation with president of the Republic that any mission other than one composed of Roman Catholics would be barred by Article IV of the Peruvian constitution.

APPEAL TO CARDINAL.

WASHINGTON, Aug. 13.—Cardinal Gibbons has been appealed to by Alfred Mitchell Innes, chargé d'affaires of the British Embassy to start a movement in this country for sending a Roman Catholic mission into the Putumayo rubber district of Ecuador in the hope that funds may be raised to investigate the atrocities.

Innes has also written to the state department suggesting that it lend a hand in the mission work. In spite of the Sir Roger Casement report of the atrocities against the Indians gathered on the Putumayo, the cardinal says the atrocities have not ceased.

The State Department is considering the suggestion, but has not yet com- municated with Cardinal Gibbons.

ARMY BROKE, ENLISTED  
MEN GET NO SALARY

WASHINGTON, Aug. 13.—Enlisted men of the army have not received their pay for two months, though officers and civilian employees have been paid. The men do not get paid until the annual appropriation bills are signed by the President.

The President vetoed the army appro- priation bill recently and Congress has not made much progress with the new bill. It is probable that the men will have to wait another month for their pay.

## YOUNG MOTHERS

No young woman, in the law of motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice can be given to a young expectant mother than that

## SCHWERIN FROWNS ON CANAL MEASURE

Declares Bill Has Cost United  
States Valuable Merchant Fleet.

WASHINGTON, Aug. 13.—That the enactment of the Panama bill with provisions barring from the canal roads owned or controlled by railroads will cost the United States the establishment of a great passenger and freight fleet, operating from New York to the Orient, was the statement made here by R. P. Schwerin, vice-president of the Pacific Mail Steamship company. This company is controlled by the Southern Pacific Railroad company. Schwerin said: "The Pacific Mail Steamship company has been encroached upon by San Francisco and the Orient since 1880 and is the only American line in that trade. After the opening of the canal undoubtedly all the foreign trans-Pacific lines will extend their service to New York and obtain the traffic originating in the greatest industrial center in the United States. Every one of these foreign lines is subsidized by its government.

"This American steamship line, which for years had competed without government aid against these foreign subsidized lines, was desirous of pursuing the same policy. In order to do this it would have been necessary to build four large steamships, each \$2,000,000 each, and with the four large vessels now in operation perform a semi-monthly service from New York to Japan.

"It must be apparent to everybody that the American ships adapted both to freight and passengers, and built entirely for transoceanic trade, could not possibly operate upon a remunerative basis unless permitted to utilize their full potentialities of both freight and passengers in their long voyage of 25,000 miles.

CHICAGO'S \$250,000 THIEF  
TRIES TO BURN HIMSELF

CHICAGO, Aug. 13.—Jacob Foy Guthrie, Chicago's \$250,000 "Rattler," tried to commit suicide in the county jail here yesterday. Prompt action by Jailer Will Davis saved his life, although he was badly burned about the face and body. He will be disfigured for life.

Guthrie, who robbed rich people of priceless art treasures, forged their names to checks and defrauded banks while in the employ of the city as a chemist, is now in jail awaiting trial in default of \$7600 bonds. In some manner he obtained matches and while the guards were being changed set fire to the bedding in his cell and then retreated out in the flames.

SEEKS MARRIAGE PERMIT;  
GETS HUNTING LICENSE

HAMMOND, Ind., Aug. 13.—Henry Drake, 40, and Nellie Johnson, 15, appeared at the county clerk's office yesterday and applied for a marriage license. When the clerk informed Drake that he could not issue a marriage license for a girl of such tender years, Drake took the oathbook like a philosopher.

"If I can't get married, I might as well spend the time I had not made for a honeymoon on a vacation," he informed the clerk. "If you can't give me a marriage license, give me a hunting license."

HOME TEXTBOOK  
IS GIVEN BOOST

Unionists and Others Urge the  
Use of Local System of  
Shorthand.

The question of text books, like Ban-  
quo's ghost, continues to bob up before  
the Oakland Board of Education and not  
even the ruling of District Attorney Dona-  
hue, who sat in at last night's meeting,  
can drown the trouble.

Donahue's ruling, as announced to the  
school directors last night, supported the  
validity of the Board's contract for short-  
hand books with the Pittman system. The  
publishing company on January 10, 1911.  
This contract runs until 1913 and provides  
for the use of the Pittman system in the  
high schools of Oakland and the use of the  
books which deal with the Pittman sys-  
tem.

Last night the Board of Education  
found itself confronted with representatives  
of the Gallagher-Mars system, the  
Graphic Typographical Union, the Central  
Labor Council, and the manufacturers  
committee of the Oakland Chamber of  
Commerce, all of whom expressed a desire  
of seeing the Gallagher-Mars system  
adopted. The Spanish urged that  
the books being printed and published  
here, that the San Francisco schools had  
adopted the system, and that it was  
generally conceded to be an advance over  
the system now being taught in the local  
schools.

The charge was made by C. D. Rogers,  
chairman of a committee from the Typo-  
graphical Union, that the American Book  
Publishing Company was an eastern trust  
that had been classed as "unfair" by  
labor interests. Supporting Rogers were  
M. A. McNinis and D. Earle Beatty.

Both Robert Gallagher and his attorney  
L. W. Moore, however, responded that  
the contract with the Pittman people did not  
prevent the adoption of additional books,  
and that the statute which provided for  
almost four years of any one system of  
shorthand in public schools had been  
passed after the contracts had been let.

Gallagher offered to furnish a bond sufficient  
to protect the Board of Education from any litigation in the event his book  
was adopted.

The school director Boyle, who always has  
a watchful eye for the labor interests,  
demanded to know why such a contract  
had ever been made.

It is believed that old board, which went  
out of office last July, Chairman Calvin  
Orr declared that the contract had been  
made after a report submitted by a com-  
mittee of teachers, favoring the Pittman  
system.

It is believed that the whole case  
had again to the District Attorney's of-  
fice to learn by the next meeting whether  
or not the contract excludes all other  
but the Pittman system.

Fred Boeger Jr. spoke in behalf of the  
manufacturers' committee which, he said,  
desired to see Oakland products receive  
the preference, all things being equal.

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy  
homes are due to the illness of the wife, mother or daughter. The feelings of  
unhappiness, however, are not the same in all cases. The wife and wrinkled face, hollow  
and circled eyes, result most often from those disorders peculiar to women. For  
the women to be happy and good-looking she must have good health.  
Dragged-down feelings, hysteria, hot-flashes or constantly returning pains and  
aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's  
Favorite Prescription restores weak and sick women to sound health by regu-  
lating and correcting the local disorders which are generally responsible for the  
above distressing symptoms.

"I suffered greatly for a number of years and for the past three  
years was so bad that I was a misery to me," writes Mrs. B. F. Dick-  
son, of 1100 Oberlin Avenue. "The doctors told me I would have to  
go to a hospital before I would ever be better. A year ago this winter  
I had a severe attack of the disease and was unable to get out of bed  
and out of torment. I am the mother of six children. I was so bad for  
five months that I knew something must be done so I wrote to Dr. V.  
Pierce telling him my trouble. He could hardly believe it. He replied  
that he would see me at his office at 10 a.m. the next morning. He  
had a special appointment with Dr. C. C. McCall, of Pennsylvania,  
nominating President Taft. They all ap-  
peared to be in a frantic race.

CHINA SEEKS WISE ADVISORS;  
ROCKHILL AND BERESFORD

WILLIAM ROCKHILL, WHO WILL PROBABLY BE CHOSEN ADVISOR TO CHINA.

LONDON, Aug. 13.—China, the  
Peking correspondent of the London  
Daily Telegraph says he understands,  
has offered the post of adviser to the  
government to William Rockhill, the  
American ambassador to Constantinople,  
who it is stipulated, would not be  
affected by the political conditions  
surrounding the new republic.

Mr. Rockhill is regarded as being  
thoroughly conversant with Chinese  
governmental methods. In addition  
to a service of three years as minister  
in Peking following the Boxer uprising,  
Mr. Rockhill as secretary to the  
American legation at Peking,  
about a decade before, made extensive  
explorations of the interior of the  
country, penetrating Tibet as a  
pioneer which adventure formed the basis  
of what is regarded as a text book on that then little known country.

Mr. Rockhill served as American  
minister to China from 1905 until  
1909, when he was appointed Ameri-  
can ambassador to Peking. He  
was transferred to his present

URGE CHAPELS  
AT ARMY POSTS

Methodist Ministers Discuss  
the Lack of Spiritual  
Advantages.

The urging of Congress to establish  
more chapels in the United States  
army posts was proposed in resolutions  
adopted yesterday morning at the  
Methodist preachers' conference held  
in the Young Men's Christian  
Association building. The clergymen  
declared that the chapels should be  
installed as soon as possible by the  
government. Chaplain Randolph of the  
Sixth Infantry, stationed at the  
Presidio, said that the absence of the  
chapels was a disgrace and one which  
should be remedied by action of Congress.

According to Randolph one house  
of worship has been erected at a  
government post by government ap-  
propriation. He stated that the one  
at the Presidio would not seat more  
than 100 persons, while there were  
265 children alone to be accommo-  
dated.

Lodge of Mass. Contends Sum Necessary Is Greater Than Canal Cost.

(By J. A. HOULIHAN.) National roads are coming in for repeated reference in the Senate debates relating to the Postoffice appropriations bill. It is evident that there is a constantly growing belief that the Federal Government before long should concern itself with the construction of truck line roads, thus encouraging and making more convenient the great flood of interstate travel which, according to the American Automobile Association Touring Board, is greater at the present time than it has ever been since the coming of the motor-driven vehicle.

During the debate in the Senate, Senator Swanson of Virginia made this comment: "We are now confronted with the proposition whether the Federal Government shall or shall not extend aid for the development, improvement and construction of highways. At the time of our arrival in Washington, it was when the people of the United States will demand that the Federal Government shall extend proper aid. Whatever may be the views of some, it is a question that must be inevitably met, and one that cannot be shirked. When a government comes to extend aid for roads there are two ways by which it can be done. It can furnish the money and construct the roads, or it can aid, stimulate and induce the local authorities to do the work of road construction and improvement."

Senator Heyburn of Idaho believes: "When the Government enters upon this class of work it should be for the construction of roads up to the standard of the highest use, not all at one time, but continuously and gradually; not roads one part of which would be worn out before the other was constructed, but a system of progressive construction that would result within a reasonable time in a system of permanent good roads."

Senator Williams of Mississippi is a contender for first class construction. Said he: "You must make one road good, then you must make another good, and then a third and then a fourth. There must be some scheme whereby that could be done with fairness to the states and the several sections of the country."

## SENATOR LODGE ON GOOD ROADS

Senator Lodge of Massachusetts contends: "If we are to enter upon the policy of federal aid in good roads, it will involve an expenditure of more millions than the Postoffice. It is not right that we should only after most careful consideration and on a broad, well understood, well arranged plan, so that for the millions expended we may get value in the return we derive in good roads."

Senator Bourne of Oregon, who is chairman of the Senate committee on postoffices and post roads, said: "I am heartily in favor of good roads. My opinion is, however, that we have not sufficiently endeavored to take an intelligent attitude in this respect."

The resolution adopted at the Washington Federal Aid convention in January last, for which the A. A. A. National Good Roads Board was sponsor, called for a joint committee of the two houses, was the basis of a recommendation made to the Senate by its committee on postoffices and post roads. This recommendation provided that a joint committee of the Senate committee and three members of the House committee, to make inquiry into the subject of federal aid in the construction of highways and to report at the earliest practicable date.

## FLANDERS PATHFINDER MEETING ROUGH GOING

TUKA, Miss., Aug. 13.—Sixty-eight miles from Loretto, Tenu, Tenu, passing through a corner of Alabama into Mississippi, were covered by the Flanders Pathfinders. The early morning trip of 28 miles to Florence would have put horses out of the running. The final ten miles last night was in a thunder shower, over clay roads and up steep hills. The last stretches were through deep pine woods and red clay. The electric never faltered on the hills nor in the deep clay, tour.

## WOMEN CIGARETTE SMOKERS SCORED BY MRS. WILSON

MRS. WOODROW WILSON, WHO HAS DENIED THAT SHE APPROVED CIGARETTE SMOKING BY WOMEN.

SEAGIRT, N. J., Aug. 13.—Mrs. Elan A. Wilson, wife of Governor Woodrow Wilson, has made public a letter to the editor of the Ohio State Journal, denying a report set out in a recent newspaper that credits her with approval of smoking cigarettes by women.

It appears that the former wife of a cousin of Governor Wilson has adopted the name of Mrs. Wilson Woodrow, and has been given various articles and given numerous interviews, since Governor Wilson's nomination, approving of cigarette smoking by women.

Mrs. Heyburn, it is said, smokes cigarettes herself. She is said to be a clever magazine writer.

The letter given out by Mrs. Wilson is as follows:

## PLAN PURCHASE OF AUTO FIRE FIGHTER

San Leandro Town Trustees Harken to Demands of Chief.

SAN LEANDRO, Aug. 13.—Local fire fighters are treading on air because of the action taken by the town trustees at the last meeting, when it was decided to secure new paraphernalia for the fire department. The fire company has been threatening to "quit" for some time past unless properly fitted out in all of the "class" of the firemen of neighboring cities. The city fathers did not give in, but heeded to the demands of the department. What was their surprise when upon gathering at the last meeting to find a communication from Fire Chief Eber stating that if the city did not buy the fire department with the necessary apparatus all of the members would withdraw.

The trustees entered into earnest debate which ended in trustee Coleman being entrusted with the job of ascertaining the prices on forty-five thousand chassis to be equipped to suit, the prices to be submitted at the next meeting of the board.

## WOMAN SICK TWELVE YEARS

Wants Other Women to Know How She Was Finally Restored to Health.

Louisiana, Mo.—"I think a woman naturally dislikes to make her troubles known to the public, but complete restoration to health means so much to me that I cannot keep from telling mine for the sake of other suffering women."

"I had been sick about twelve years, and had eleven doctors. I had dragging down pains, pains at monthly periods, bilious spells, and was getting worse all the time. I would hardly get over one spell when I would be sick again. No tongue can tell what I suffered from cramps, and at times I could hardly walk. The doctors said I might die of these pains, but I took Lydia E. Pinkham's Vegetable Compound and got better rightaway. Your valuable medicine is worth more than mountains of gold to suffering women."—MRS. BERTHA MUFF, 503 N. 4th Street, Louisiana, Mo.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## ROOT AND LA FOLLETTE CLASH IN U. S. SENATE

### ANNEXED DISTRICT READY TO BEAR KNOWLAND FLAG

#### Organization Formed and Congressman Gains Strength at Every Hand

The annexed district "Knowland for Congress" Club was formed last evening by a body of twenty representative citizens of Alameda, Fruitvale, Alameda and Elmhurst in the courtroom of Justice Turner on Fourteenth street, near Fruitvale avenue.

The meeting was called to order by R. C. Lorschach and E. H. Marwedel was at once nominated for the presidency. The nomination was seconded and he was unanimously elected. William Thorneley Jr. was elected vice-president and R. C. Lorschach secretary, and after the completion of this business the following honorary vice-presidents were elected: W. E. Sansom, C. H. S. Pratt, W. B. Bridge, E. S. Bensley, P. C. Fredrickson, E. W. Woodward, Joseph Damato, A. H. Koppen, Thomas Smith, John Miller, C. J. Hains, R. C. Wose, Captain R. C. Alborn and Captain Hebbard.

The following women, though not present, were elected honorary vice-presidents: Mrs. Lillian Harrington, Mrs. Mattie S. Farnum, Mrs. Dr. Minora Kubbe, Mrs. Camille Burgelemeister, Mrs. L. C. Grasser, Mrs. Rose Calhoun, Mrs. Lena Gill, Mrs. Henry Wetherbee, Mrs. Margaret Pratt, Mrs. P. Boenel, Mrs. Cora Mazzotti, Mrs. A. E. Brandon, Mrs. Agnes Thorneley and Mrs. Minnie Roane.

#### PLAN MASS-MEETING.

A committee of five was appointed to make arrangements for a monster mass-meeting to be held in Eagler Hall, Fruitvale, to be held the evening of Friday, August 23. At the meeting Congressman Knowland and others will speak. The committee appointed is as follows: R. E. Brandon, W. B. Bridge, Edward Van Aistine, R. C. Lorschach and Joseph Damato.

Before the business of the evening opened President Marwedel rose and outlined the plans of the club. He stated that the organization was for the sole purpose of concentrating the vote of the annexed district for the support of Congressman Knowland in his coming campaign for re-election. With a few words in praise of Knowland, Marwedel took his seat.

#### RESOLUTIONS PASSED.

Resolutions were read and passed fully endorsing Knowland's actions with respect to the Panama canal and other matters of legislation and pledging the club to his support. The resolutions follow:

Whereas The Hon. Joseph R. Knowland has for a number of years represented this congressional district in the House of Representatives at Washington, D. C., and has served this district in an able, efficient, upright and progressive manner and has been instrumental in initiating and bringing about legislation which has resulted in very material benefit to his constituents and to the various communities comprising this congressional district; and whereas, it is better for this district to return to Congress its present representative, who has been tried and found true, and who, by reason of his long experience, is thoroughly conversant and familiar with all of the requirements of the position and in full touch with men and affairs at Washington, than to send a new man, who would be a stranger and unfamiliar with affairs in the legislative halls at Washington; and

Whereas, We recognize in the Hon. Joseph R. ### PLAN BUTTON TO ADVERTISE CITY

Chamber of Commerce Takes Up the Question of New Slogan.

At a meeting of the Chamber of Commerce this morning a suggestion to the effect that a button for advertising purposes bearing the inscription, "My City — Oakland," should be issued was made. It was said that if a more appropriate slogan could be made up that the latter should be put on the proposed advertising buttons. Fred Campbell presented the suggestion. It was decided that the scheme belonged to the advertising committee of the chamber and it was referred to that body.

An invitation to send delegates from the local chamber to the Trans-Mississippi Commercial Congress in Salt Lake City, August 27-30, was read. G. B. Daniel was chosen as the local delegate and was authorized to attend the congress.

WASHINGTON, Aug. 13.—Representative Edward C. Catlin, Missouri Republican, was unseated last night as a member of the House of Representatives and his Democratic opponent, who contested the election, Patrick F. Gill, was seated amidst wild enthusiasm from the Democrats.

The charge against Mr. Catlin was that he and his family had spent \$10,200 to elect him to Congress when the Missouri law prohibited an expenditure by candidates of more than \$500.

Mr. Gill denied knowledge of any expenditure by his father and brother.

ALLEGES PARTNERSHIP DIDN'T LAST LONG

"When is a partner not a partner?" is a question that H. W. Rosenzweig has asked the court in his suit against Homer F. Shattuck, plaintiff in the suit. ### SOCIETY GIRLS POSTAL BILL

#### CAUSED FROM DROWNING

Are Spilled Out of Canoe and Rescued by Brave Party of Alameda Elks.

Miss Emily and Miss May Pease Have Narrow Escape in Water.

ALAMEDA, Aug. 13.—Two prominent society girls of East Oakland heights, Mrs. Emily and Miss May Pease, are thankful today that they are alive and safe because this afternoon six Alameda Elks, Sydney Basson, Roy Pratt, Lee Dickey, Jeff Dodd, Harry Shad and Russell Henderson, who saved them from drowning off the south shore Sunday afternoon.

The young women were enjoying a row on the bay, when the swell from a passing steamer capsized their light skiff. The Eschen sloop, Hyak, happened along at that moment, and Roy Pratt jumped overboard to the rescue. Pratt reached the girls in time to prevent their drowning, but came near going under himself, when Harry Shad, who also jumped overboard, arrived. Together the two men pulled the girls to safety in their overturned boat, and the four were subsequently picked up by the yacht.

The girls were resuscitated by Dr. Basson and Dodd, while the other yachtsmen rushed the sloop back to the clubhouse landing. The young women were cared for by the mother of one of the yachtsmen, furnished with dry clothing and later sent in an automobile to their home in Oakland.

"It is offensive," returned Senator La Follette.

"If the remark is offensive I will modify it," said La Follette.

"It is offensive," returned Senator Root.

"I have asked the Senator the direct question. What is his position in regard to the right of postal employees to strike?"

"I do not sanction legislation that would in any way authorize strikes on the part of the postal employees," replied La Follette, and the crowd blew over with several yachtsmen remarking that a false issue had been raised.

"The clash came up over a provision in the bill which would prevent an organization of postal employees from joining with other employees in a strike to prevent affiliation with the American Federation of Labor."

The charge against Gassoumis was filed under the recent legislation passed to stamp out the white slave traffic.

It was brought out in testimony by Maida Johnson, corroborated by that of other persons, including the slayer's house in which Gassoumis is alleged to have made arrangements to please the girl, that the man had assisted in finding a place for the girl that she might find a life of shame. Gassoumis was represented by Attorney George Macdough.

Defeat Attempt to Curb Postal Employees

Senate Kills Amendment to Postoffice Bill After a Sharp Fight.

WASHINGTON, Aug. 13.—An attempt to amend the postoffice appropriation bill to prohibit postal employees from joining other organizations outside the department was defeated in the Senate yesterday after a sharp fight in which the possibility of a strike against the government was discussed.

Commissioner Fred C. Turner suggested that the civil service commission was attempting to vote the acts of the city commissioners. The matter was discussed and Robinson pointed out that the power to provide for emergency employment might be given without involving the question of possible abuses. The ordinance was referred to City Attorney Ben F. Weller and Robinson was held to be re-ferred.

The section of the bill to be referred in its powers by Robinson was as follows:

"There is hereby created in each department of the city government of the City of Oakland sufficient extra emergency positions as may be required and proper for the business of each department. Such positions to be filled upon recommendation of the head of each department and only in case of necessity. Each appointment to be made by the head of the department, which shall designate the name of the appointee, the character of the employment and the compensation to be paid therefor."

VAST CROWDS WITNESS  
TIGERS-ANGELS SERIES

President Baum Satisfied With Conditions  
at Vernon; Oaks Still Badly Crippled;  
Gossip of the Players

President Allan T. Baum of the Pacific Coast League is back among the old folks again and the league's leader had much to say about the conditions of affairs pertaining to the great American pastime. He had been in the southland to witness the series between the Hooligans and Angels, and, to his mind they were the grandest and best he had ever seen. It was tooth and nail all the time and clean, too, not a player was fined nor was one even ousted from the game.

In speaking of the race for the pennant it was his opinion that Vernon, Oakland and Los Angeles would be fighting it out until the very last tip of the scale in October.

While in the south, Baum investigated the conditions at Vernon in which Bill Reidy stated that the fans there were bad and the players and officials misbehaved. Baum said that he found that some of the fans had tossed bottles over the wire screen but that they came within 30 feet of the players. He also said that he had been at the game last Sunday and that it was the best game of the biggest of the season and he further stated that the spectators were orderly all the way through the game.

Surely this is a great change from what the writer saw at Vernon not two months ago. The fans were not bad in the stands and the spectators were most discernible while gambling went on right under the eyes of the millions of the law.

In speaking of the crowds, Baum said that the biggest outside of the fans that he had ever seen in the coast. It is estimated that fully 45,000 fans were on hand during the seven games and that the enthusiasm knew no bounds.

The fans of the southland are simply不堪入目 and this fact is brought about by the fact that both teams are the pick of minor leagues.

It was Baum's opinion that Slagle was the real hero of the series for on four occasions that the Angels won it was him that came to the rescue and pulled his team out of a hole.

It is opined too that this week's series will be a hummer for Oakland will make one last stand to overcome the lead of the Hooligans and with Malarkey back in harness the Oaks have a chance of getting by.

One of the big surprises of the baseball world was the real come back of the Seals and the fans are hopeful that Bill will be a game can keep up the good work. All the while the team showed a wonderful improvement, that is to say showed that they can play ball when they want to.

There will be no changes in umps that is Higginson and Townsend will hold forth here. Case and McCarthy will work in the south while Flinner and Wheeler will handle the games in Portland.

Oakland is still in against it for a real catcher for that injured finger of Carlo Nitze isn't getting along one half as well as was expected. He had the ball removed yesterday but it doesn't look as if he would be able to step behind the bat for several weeks.

Triferman is back in harness which may help and he will join the team in the south tomorrow.

There is a rumor in the air that Cal. Frazee is to trade Bullet Miller for outfielder White Head, pitcher Eddie Hartman and catcher Alexander of the St. Louis team.

Jimmy Breen the Milwaukee infielder, says that he isn't anxious to come to the coast to play with the Seals. He was to come to the coast this day and he might not make good so he doesn't want the trip just to get the hook.

Oakland is southbound for a two week's series with Vernon and one with Los Angeles, and the two teams should settle for once and for all just what kind of chance Oakland has for the pennant.

In the last five weeks of play the team has done nothing that would cause

he fans to sit up and cheer. In the four weeks at home they did not win enough of the games to give them an advantage over the two leaders and last week they broke even with the Solons.

The week of play Vernon lost seven points. Los Angeles gained four points while Oakland lost three, which would infer one to feel that our hopes and pride have not much chance to bring the Solons the series and for many weeks that has been their regular trouble.

Our troubles are like those that beset many good ball teams. All around they are strong with two exceptions. In the bats and the ball, the bats are catching and poor pitching at Sacramento cost Oakland the series and for many weeks that has been their regular trouble.

Sacramento will be the opponents of the Solons this week with five of the games at San Francisco and two of them at Oakland. Bill's gang have showed lots of improvement during the last two weeks of play and if they do as well against the Solons, Bill's cup of joy will overflow.

A glance at the pitchers' averages shows that Jack Killian is the best with seven won and nothing lost. Our big comedian, Cyrus Parkin, has taken a slump and so has Able and that hasn't done the Oaks any good.

## GERMANY THREATENS HOLLAND'S TRAFFIC

LONDON, Aug. 13.—The Daily Mail prints a dispatch from its Berlin correspondent saying that Germany is threatening Holland—that unless Holland withdraws her opposition to Germany's scheme to impose tolls on Rhine borne shipping, the latter country will divert

Rhine traffic by constructing a canal via Bremen from the German Rhine to the North sea, thereby practically locking the gates of the lower Rhine for communication between Rotterdam and the heart of the continent.

Germany's Rhine traffic on the Rhine was made toll free to all nations by the treaty of 1865, management of the navigation being vested in a central committee representing Alsace-Lorraine, Baden, Bavaria, Hesse, Prussia and Holland.

TRIBUNE'S BIG BOY FAMILY  
EAGERLY AWAIT THURSDAY

LEOPARD OR CHEETAH, KILLED BY PAUL J. RAINHEY'S DOGS ON MILLIONAIRE'S HUNT IN AFRICA.

News of the great treat which THE TRIBUNE will give its newsboy family at the Macdonough theater Thursday evening has spread like wildfire. Paul Rainey's African hunt pictures will have an enthusiastic audience when the newsies face the audience that evening as the guests of this paper.

"TRIBUNE nights" are famous for their success. Newsboys know, by past experience, that such parties are worth attending and always remembered. The attraction this time is one that will rouse the spirits of every boy who at one time dreamed of travel and adventure.

In the Paul J. Rainey African hunt pictures is shown one of the most marvelous motion pictures ever taken. It reveals the trailing and killing of an African cheetah by a pack of trained hunting dogs. And it depicts more than picture manufacturers have endeavored to reproduce wild animal hunts by using broken down circus animals, but the pictures have always been obviously manufactured and have given no more idea of a big game hunt than a lithographed poster on a wall.

## NOT TO BE QUESTIONED.

The picture shown as a portion of the Paul J. Rainey African hunt, however, is so obviously the real thing that no one ever thinks of questioning it. In the first place, the background of a jungle peculiar only to Africa is shown, and then the complete hunt is thrown on the screen, beginning with the preparations in the camp for the expedition. The men start on horseback. The dogs at first run about at random, but it is soon evident that they have found the spoor or scent, and then they follow it so rapidly that it was only with extreme difficulty that the motion picture operator, mounted on horseback, is able to keep up with them and secure his picture.

Finally the leopard or cheetah, as he is called in Africa, is shown in the top branches of a high tree. He at first seems determined to await his pursuers, then suddenly comes down the last, and he leaps the tree and runs for about a half a mile until he is again compelled to take refuge in an acacia tree. This time the dogs are so close that he cannot escape and they surround the tree.

## COURAGE OF DOGS.

Then the most wonderful portion of the picture is shown and at the same time a remarkable example of the courage of the dogs. Two plucky little Airedale terriers, after making repeated attempts, finally succeed in reaching the lower branches of the tree by jumping. From them they climb with the agility of monkeys to the top, where the leopard is crouched waiting for them. Although less than a fourth the leopard's weight and

criminally.

"The \$6000 he is said to have paid for another check was returned to the dealer here and that incident is closed."

"Miss Grace Spence of Berkeley, to whom it was stated Hudson was engaged to be married, did not fill out the blank check he gave her and consequently she can take no action."

"Hudson's dealings with the Venice authorities who offered him a bonus of \$25,000 if he would locate the circus winter quarters there, did not ascend to such a point as to permit criminal prosecution."

"The only thing remaining is the possibility that Hudson may have passed a few small checks in San Diego and we are now investigating this clew, and if it is found to be otherwise he will be released."
